We advocate economic, racial, social and environmental justice in Virginia’s policies and practices

**Economic Justice**

Virginia Interfaith Center for Public Policy (VICPP) advocates legislation to raise the minimum wage, stop and deter wage theft, and require employers to provide paid sick days for workers. Our Living Wage Certification Programs recognize employers who pay living wages and encourage consumers to patronize these businesses.

**Environmental Justice**

Environmental Justice is the fair treatment and meaningful involvement of all people regardless of race, color, national origin or income with respect to the development, implementation and enforcement of environmental laws, regulations, and policies. Virginia Interfaith Power and Light, a program of VICPP, advances climate justice through education, advocacy, and worship. [vaipl.org](http://vaipl.org)

**Health Equity**

Since Virginia’s historic passage of Medicaid expansion in 2018, VICPP continues to educate the community about eligibility rules and help the uninsured apply for Medicaid. We remain vigilant advocates for health equity.

**Immigration Justice**

VICPP works to make Virginia a more equitable and welcoming place, with increased access to opportunities for all. All faiths believe in justice and share the values of standing with those facing discrimination in our society. VICPP advocates policy solutions that remove barriers facing our families and neighbors.

**Civic Engagement**

VICPP Staff, faith leaders, congregations, and volunteers advocate social justice at the General Assembly. We work with congregations and communities to register voters and organize Get Out the Vote workshops.
